

BY ORDER OF THE
COMMANDER

HEADQUARTERS, UNITED STATES FORCES, JAPAN
USFJ INSTRUCTION 41-201

18 October 2002

Health Services

MEDICAL CARE OF UNITED NATIONS PERSONNEL

COMPLIANCE WITH THIS PUBLICATION IS MANDATORY

OPR: USFJ/J43 (MAJ Mark E. Morgan)
Supersedes USFJ PL 160-1, 28 August 1997

Certified by: USFJ/J4 (Col Michael M. Weber)
Pages: 1
Distribution: All USFJ Components

PURPOSE: To establish policy governing the treatment of United Nations personnel at United States forces medical facilities in Japan.

SUMMARY OF CHANGES: This is a new USFJ Instruction. This instruction replaces USFJ Policy Letter 160-1, dated 28 August 1997.

1. Scope. This instruction is applicable to all US Medical Treatment Facilities (MTFs) in Japan.

2. General. Members of the United Nations Forces and civilian components thereof, and the dependents of such members and of the civilian components of those countries who are providing military assistance to the United Nations' effort in Korea and who are signatories to the Agreement regarding the Status of United Nations Forces in Japan, are authorized medical and dental care in US MTFs in Japan, subject to the following conditions:

- 2.1. The nation concerned has requested that treatment be rendered.
- 2.2. The required care cannot be obtained from medical units of their own country.
- 2.3. Adequate US MTFs are available in Japan. Determination of availability will include consideration of space, equipment, and capabilities of the professional staff.
- 2.4. Medical evacuation to the homeland from US MTFs will be effected by the nation concerned.
- 2.5. Charges and reports for medical and dental treatment rendered will be in accordance with regulations of the applicable Service.

3. References.

3.1. USCINCPACINST 4652.1K (Para 8g and App H ref: Medical Evacuation)

A handwritten signature in black ink, appearing to read "Robert M. Shea". The signature is fluid and cursive, with a large initial "R" and a stylized "S" at the end.
